RPI scholarship

Updated: 4/7/2005 6:56 AM

By: Capital News 9 web staff

RPI is offering a new scholarship to its students.

It's created in memory of David Ryan, a physicist and avid bicyclist tragically killed by a speeding driver last June.

The \$5,000 scholarship is being offered to an RPI sophomore majoring in physics, chemistry, biology, math, computer science or engineering.

The student must also be involved in athletics.
