

*A note from Anne and Tom Ryan on their experience from this year's Circuit of the Cotswolds:*

We are so pleased we went to the Circuit of the Cotswolds. What a day – the organisation was phenomenal & so much appreciated by those who rode. Tom & Anthony (with Rachael) gave out the medals & I helped with tea & cakes. The riders were so positive & thrilled with the scenery & the route although it was blowing a gale, very gusty with it. Some of the riders had known David & one said to me that David had been an inspiration to all those he knew. We shall, as long as we are physically able & the ride continues, be at every event but in previous years we had not felt able to face it emotionally. We really can't tell you how much we admire Jim & Tom & all their family members who were there to help – a wonderful occasion. It helps us so much to know that David isn't forgotten & although it hurts, we are much more able to go forward with so many memories.
